Purpose and relevance

Students will:

- Explore and investigate.
- Gain a deeper understanding of local culture.
- Explore the world around them and the mixture of cultures.
- Enjoy an opportunity to experience cultures outside of their own and understand these shared loves such as music, art and history.
- Develop a crucial understanding that despite differences in views, languages, appearances, religions and cultural traditions we are all the same, simply Humans with emotions, rights and opinions.

ALL these experiences will help students to understand new perspectives.
