Three-Way Conferences at ISL Qatar place the students in the centre of the conference demonstrating active involvement in learning and reporting process; thereby reflecting the core principles of the school's mission. This reporting procedure is one that shifts away from the one-way transference of information from teacher to parents, and is consistent with the characteristics of effective evidence for learning. It takes the form of a conversation between the student, their parents and their teacher thereby giving the student an opportunity to share with their parents their growth as a learner.

**Thursday, 16th November:** KGB Field Trip

**Friday, 17th November:** 9:00am, **Masithandane Charity Walk** - Corniche. Feel free to upload your photos on the event page.
